---

---

---

---

---

**History of QAPI**

**Affordable Care Act of 2010:**

**HHS:**

- establish standards relating to quality assurance and performance improvement and
- provide technical assistance to facilities on the development of best practices

**Nursing Homes:**

- Submit a plan to meet such standards and implement such best practices

© B & F Consulting, Inc. 2013  
www.BandFConsultingInc.com

---

---

---

---

---

---

---

---

**“A Bold Initiative”**

**Old Requirements:**

Quality Assessment and Assurance (QAA) specifies the QAA committee composition and frequency of meetings and requires facilities to develop and implement appropriate plans of action to correct identified quality deficiencies.

**New Requirements:**

Significantly expands the level and scope of QAPI activities to ensure that facilities *continuously identify and correct quality deficiencies as well as sustain performance improvement*

---

---

---

---

**QAPI Context**

- OBRA designed with QI in mind
- QIO work in nursing homes for past decade
- Advancing Excellence uses PI approach
- Growing body of evidence
- QAPI in many Federally certified programs
  - hospitals, transplant programs, dialysis centers, ambulatory care, hospice
- QAPI to be consistent with other settings
- Considers issues unique to NH setting

[www.BandfConsultingInc.com](http://www.BandfConsultingInc.com)

---

---

---

---

---

---

---

---

In 2012, CMS launched the Partnership to Improve Dementia Care in Nursing Homes to promote comprehensive dementia care and therapeutic interventions for nursing home residents with dementia-related behaviors.

The goals of this initiative include:  
 - *a focus on person-centered care and*  
 - *the reduction of unnecessary antipsychotic medication use in nursing homes* and eventually other care settings as well.

---

---

---

---

---

---

---

---

---

---

---

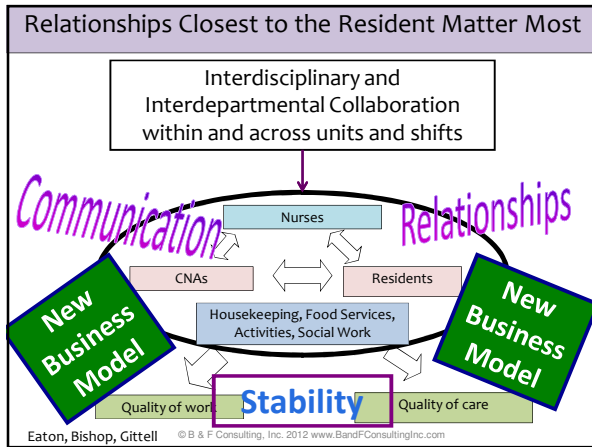

---

---

---

---

---

---

---

---

---

---

**Each organization  
will have  
your own starting place.**

© B & F Consulting, Inc. 2013  
[www.BandFConsultingInc.com](http://www.BandFConsultingInc.com)

---

---

---

---

---

---

---

---

---

---

---

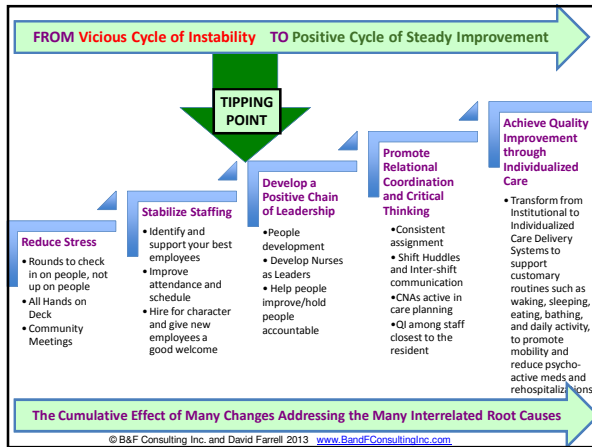

---

---

---

---

---

---

---

---

---

---

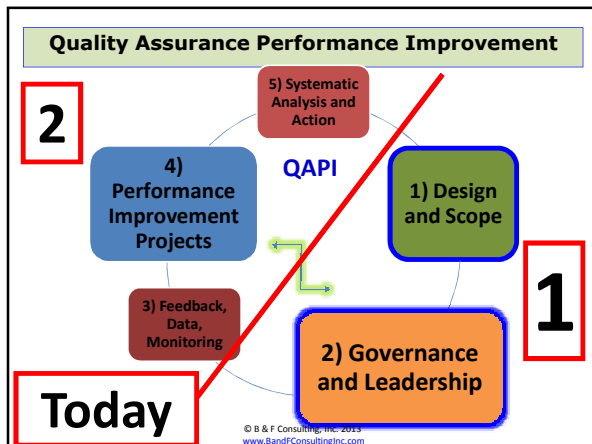

---

---

---

---

---

---

---

---

---

**Design and Scope  
sets the framework for QAPI**

**Governance and Leadership  
is how you implement that  
framework**

© B & F Consulting, Inc. 2013  
[www.BandFConsultingInc.com](http://www.BandFConsultingInc.com)

34

---

---

---

---

---

---

---

---

**Design and Scope Self-Assessment # 1 - 3**

1. Guiding Principles:  
*QAPI is a method for approaching decision-making and problem-solving*
2. All service lines and departments utilize and are engaged in QAPI:  
*All use data to make decisions and drive improvements and measurement to determine if efforts were success*
3. Written plan, updated continuously, for continuous improvement in all departments  
*Not a written plan just for compliance*

© B & F Consulting, Inc. 2013  
[www.BandFConsultingInc.com](http://www.BandFConsultingInc.com) &  
[www.BandFConsultingInc.com/WhatYouDoMatters](http://www.BandFConsultingInc.com/WhatYouDoMatters)

35

---

---

---

---

---

---

---

---

**Design and Scope Elements**

- Be on-going and comprehensive
- Deal with **full range of services** and departments
- Address **all systems** of care and management practices
- Always include clinical care, **quality of life, and resident choice**
- **Safety and high quality** with all clinical interventions - *autonomy and choice*
- Best evidence to set and measure goals

© B & F Consulting, Inc. 2013  
[www.BandFConsultingInc.com](http://www.BandFConsultingInc.com)

36

---

---

---

---

---

---

---

---

**Design and Scope**

People will be cynical if words don't yet match deeds. Wait to develop the mission, guiding principles, values, etc. until a process has been succeeding for a while, **so words describe what is already happening**

© B & F Consulting, Inc. 2013  
www.BandFConsultingInc.com

37

---

---

---

---

---

---

---

---

---

---

**Design and Scope**

**You'll be working toward it throughout the collaborative and be able to put it together by the end, based on all the steps you take from now til then.**

© B & F Consulting, Inc. 2013  
www.BandFConsultingInc.com

38

---

---

---

---

---

---

---

---

---

---

**Governance and Leadership Self-Assessment**

#4. Governance is engaged in and supportive of QAPI work:  
*Informed, involved, providing input and resources*

#5. QAPI is an organizational priority:  
*Coverage for staff to participate in QAPI*

#6. QAPI integral part of new staff orientation  
*They understand QAPI and expect to participate*

#7. Training is available for all staff on PI tools and strategies

© B & F Consulting, Inc. 2013  
www.BandFConsultingInc.com

39

---

---

---

---

---

---

---

---

---

---

**Governance and Leadership Self-Assessment**

#10. In our culture staff are accountable, but not punished for mistakes or fearful of retaliation for voicing quality concerns:

Process to distinguish between unintentional errors and reckless behavior and to respond accordingly

#11. Leadership can explain QAPI with examples:

Up-to-date information on activities and staff involved

© B & F Consulting, Inc. 2013  
www.BandFConsultingInc.com

40

---

---

---

---

---

---

---

---

---

---

**Governance and Leadership**

- Leadership working with input from staff, residents, and families
- Assures QAPI is adequately resourced
- Point person (s)
- Developing leadership and facility-wide training
- Ensuring staff time, equipment and technical training
- Sustained despite turnover

© B & F Consulting, Inc. 2013  
www.BandFConsultingInc.com

41

---

---

---

---

---

---

---

---

---

---

**Governance and Leadership continued**

- Setting QAPI priorities
- Operationalizing the principles
- Setting expectations around quality, rights, choice, and respect *by balancing both a culture of safety and a culture of resident centered care*
- Accountability and an atmosphere in which staff are encouraged and to identify and report problems and ideas for improvement

© B & F Consulting, Inc. 2013  
www.BandFConsultingInc.com

42

---

---

---

---

---

---

---

---

---

---

**Key Leadership Concepts:**

People Development

High Involvement/Inclusion

Finger on the pulse

*QAPI will require this kind of high engagement and inclusion.*

**To have high engagement for QAPI, it needs to be part of everyday practice**

© B & F Consulting, Inc. 2013  
www.BandFConsultingInc.com

---

---

---

---

---

---

---

---

**A Culture Change in Leadership**

Let's look at the evidence

© B & F Consulting, Inc. 2013  
www.BandFConsultingInc.com

---

---

---

---

---

---

---

---

**A Positive Chain of Leadership**

**What a difference management makes!**  
Five Management Practices Associated with Low-Turnover, High Attendance and High Performance:

- High quality leadership at all levels of the organization
- Valuing staff day-to-day in policy and practice, word and deed
- High performance, high commitment HR policies
- Work systems aligned with and serving organizational goals
- Sufficiency of staff and resources to care humanely

© B&F Consulting Inc. 2013  
www.BandFConsultingInc.com Eaton, 2002

---

---

---

---

---

---

---

---

**Level Five Leaders**

Builds enduring greatness through a *paradoxical blend of personal humility and professional will.*

They are a study in duality:

- *modest and willful*
- *humble and fearless*

Jim Collins  
Good to Great

[www.BandFConsultingInc.com](http://www.BandFConsultingInc.com)

---

---

---

---

---

---

---

---

**Myth:**  
Leaders are born, not made.

**Fact:**  
Leadership is not in a gene;  
it is an observable, learnable set of practices.

*The belief that leadership can't be learned  
is a powerful deterrent  
to leadership development.*

Kouzes and Posner  
The Leadership Challenge

[www.BandFConsultingInc.com](http://www.BandFConsultingInc.com)

---

---

---

---

---

---

---

---

**My InnerView Findings**  
*Staff recommend your place to work if:*

CNAs	NURSES
1 Help with job stress and burnout	1 Help with job stress and burnout
2 Management listens	2 Management listens
3 Management cares	3 Management cares
4 Supervisor appreciates	4 Training to deal with difficult residents
4 Adequate equipment/supplies	4 Training to deal with difficult family members

© B&F Consulting Inc. 2013  
[www.BandFConsultingInc.com](http://www.BandFConsultingInc.com)

---

---

---

---

---

---

---

---

**JUST CULTURE**

The single greatest impediment to error prevention in the medical industry is “that we punish people for making mistakes.”

Dr. Lucian Leape  
Professor, Harvard School of Public Health  
Testimony before Congress on Health Care Quality Improvement

David Farrell 2012

---

---

---

---

---

---

---

---

**Reflection:**  
How did I react last time I faced an employee error?

**Action:**  
How can I react in a way that allows us to prevent it from recurring by getting to the *root cause* so we get a real fix?

© B&F Consulting and David Farrell 2013  
[www.BandFConsultingInc.com](http://www.BandFConsultingInc.com)

---

---

---

---

---

---

---

---

**Governance and Leadership**

Governance/Administration develops and leads a program that includes input from staff, residents, and families

- CMS December 14, 2012 memo

© B & F Consulting, Inc. 2013  
[www.BandFConsultingInc.com](http://www.BandFConsultingInc.com)

---

---

---

---

---

---

---

---

**People Development**

**You cannot do it alone!**

***We have always known this to be true...  
and now CMS is mandating an inclusive process***

© B & F Consulting, Inc. 2013  
[www.BandFConsultingInc.com](http://www.BandFConsultingInc.com)

---

---

---

---

---

---

---

---

**Creating a culture of support  
begins with leadership**

- Give residents, family and staff an opportunity to meet board members and executive leaders to generate support for QAPI
- Tour the organization regularly, meeting with residents and caregivers where they live and work

- CMS December 14, 2012 memo to State Surveyor Directors

© B & F Consulting, Inc. 2013  
[www.BandFConsultingInc.com](http://www.BandFConsultingInc.com)

---

---

---

---

---

---

---

---

**This calls for *transformational* leadership**

- You're looking for your staff to contribute to on-going performance improvement by:
  - Being critical thinkers
  - Contributing ideas
  - Bringing their questions
  - Looking at data
  - Identifying solutions
  - Being analytical
  - Leading or participating in PIPs

**This is a huge shift from  
"we have a policy and procedure for everything"**

© B & F Consulting, Inc. 2013  
[www.BandFConsultingInc.com](http://www.BandFConsultingInc.com)

---

---

---

---

---

---

---

---

Helping people step into engagement

- Small opportunities
- Time to attend meetings (others may have to cover their duties)
- Guidance
- Feedback

© B & F Consulting, Inc. 2013  
[www.BandFConsultingInc.com](http://www.BandFConsultingInc.com)

---

---

---

---

---

---

---

---

Benefits of Developing Leadership

- Having a deep bench
- Loyalty
- Ensuring succession
- Success with QAPI!

© B & F Consulting, Inc. 2013  
[www.BandFConsultingInc.com](http://www.BandFConsultingInc.com)

---

---

---

---

---

---

---

---

As you are touring your building, be on the lookout to note staff's QAPI potential

**Early**

*Early identification of staff who show signs of QAPI potential is the first step towards providing them with opportunities*

© B & F Consulting, Inc. 2013  
[www.BandFConsultingInc.com](http://www.BandFConsultingInc.com)

---

---

---

---

---

---

---

---

**Consider their life experiences**

What leadership opportunities have staff been involved with outside of work?

**Remember:**  
**Leadership is a skill;**  
**the more you do it the better you get at it.**

Many of your staff have had leadership opportunities outside of work that will be beneficial to you as you take on QAPI.

© B & F Consulting, Inc. 2013  
[www.BandfConsultingInc.com](http://www.BandfConsultingInc.com)

---

---

---

---

---

---

---

---

To develop and support emerging leaders, provide them with **Variety** with **Support**

**Variety**

- People develop most when change is needed
- Anything new is a change: New people, new skills
- QAPI is new. **Consider QAPI a growth opportunity for your staff.**

Your organization will become better at QAPI and you will be developing your staff

© B & F Consulting, Inc. 2013  
[www.BandfConsultingInc.com](http://www.BandfConsultingInc.com)

---

---

---

---

---

---

---

---

**What Support Looks Like**

- Pay attention to each person's development. Don't let their development be unplanned.
- Think about: *What will this person have to learn quickly? What will they have to unlearn? Give up doing?*
- Actively help them think through areas they are uncertain of.

© B & F Consulting, Inc. 2013  
[www.BandfConsultingInc.com](http://www.BandfConsultingInc.com)

---

---

---

---

---

---

---

---

Provide lots of feedback

- Feedback is crucial, and should be given regularly. Let them know *what they're doing well because they won't know it unless you tell them*
- QAPI projects will need a lot of attention; talking things through with individuals involved will be essential to your success

© B & F Consulting, Inc. 2013  
[www.BandFConsultingInc.com](http://www.BandFConsultingInc.com)

---

---

---

---

---

---

---

---

**Aggressively** help them learn from each experience

- Successful people are active learners
- Give them opportunities for reflection by debriefing with them about the project and then by reviewing upcoming opportunities.

© B & F Consulting, Inc. 2013  
[www.BandFConsultingInc.com](http://www.BandFConsultingInc.com)

---

---

---

---

---

---

---

---

Be transparent:  
Let them know that by taking on a role in QAPI you are giving them an opportunity for leadership development

- *There is no leadership DNA*; like any other skill the more you do it the better you get at it.
- *I am a work in progress* – their success is your success!

© B & F Consulting, Inc. 2013  
[www.BandFConsultingInc.com](http://www.BandFConsultingInc.com)

---

---

---

---

---

---

---

---

Think about the opportunity QAPI presents for your staff

Who comes to mind?  
What can you do?

© B & F Consulting, Inc. 2013  
[www.BandfConsultingInc.com](http://www.BandfConsultingInc.com)

---

---

---

---

---

---

---

---

**People Development Worksheet**

Identify individualized ways to develop your staff

www.BandFConsultingInc.com

---

---

---

---

---

---

---

---

**High Involvement/Inclusion**

*To have high engagement for QAPI, it needs to be part of everyday practice*

*It's not a program, it's a way of doing business*

© B & F Consulting, Inc. 2013  
www.BandFConsultingInc.com

---

---

---

---

---

---

---

---

**QAPI Steering Committee**

- Leadership chooses the people who will be the QAPI leads on the steering committee
- Overall responsibilities include:
  - Develop and modify the QAPI plan
  - Review data collected and set priorities for Performance Improvement project
- Members must learn and use systems thinking
- Leaders must provide coverage to free up staff to attend

CMS December 14, 2012 memo

Over the course of the year,  
think about people development to build your QAPI Committee

© B & F Consulting, Inc. 2013  
www.BandFConsultingInc.com

---

---

---

---

---

---

---

---

**Choose Your QAPI Steering Committee Well**

- Get the right positions involved (medical director)
- Include decision makers (DoN, admin)
- People who are interested and can help motivate others
  - Tap into potential and give people a chance to show what they have to contribute

CMS December 14, 2012 memo

---

---

***“Quality is everyone’s responsibility.”***

**W. Edwards Deming**

David Farell 2012

---

---

---

---

---

---

---

---

Ways for leaders to set the tone, engage staff, and keep a finger on the pulse:

- Community meetings
- Rounds
- Focus groups
- People development – giving people opportunities to participate in and/or lead PIPs (Performance Improvement Projects)

**Gemba Walk:**

**Gemba = “the real place”**

The *gemba walk* is much like Management by Walking Around (MBWA), in which management meets with front line staff to look for opportunities to practice *gemba kaizen*, or practical improvement.

In quality management, *gemba* means going where the problem occurs to understand its full impact and gather information and ideas **from those closest to it.**

Take a Break

---

---

---

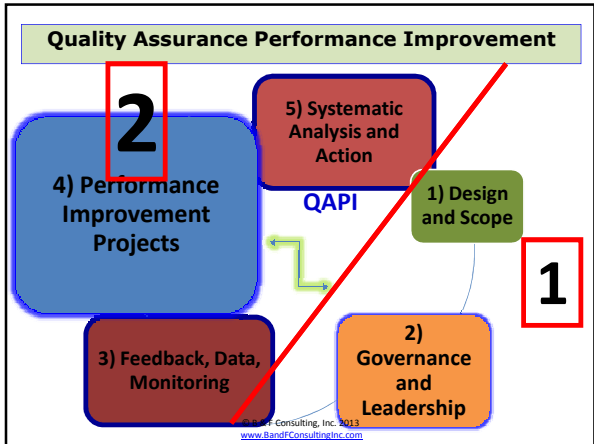

---

---

---

---

---

---

---

---

---

---

---

---

---

**Feedback, Data Systems, and Monitoring**

- Systems to monitor care drawing from multiple data sources
- Systems for regular feedback from staff, residents, and families
- Performance Indicators to monitor care and outcomes, measured against benchmarks and performance targets
- Tracking, investigating, and monitoring Adverse Events, with action plans to prevent recurrence

© B & F Consulting, Inc. 2013  
www.BandFConsultingInc.com &  
www.BandFConsultingInc.com/WhatYouDoMatters

---

---

---

---

---

---

---

---

**Feedback, Data Systems, and Monitoring Self-Assessment**

#12 – Identified all sources of data and information for QAPI including clinical measures, input from residents, families, staff, and stakeholders, and any other relevant information

We've listed all available sources and carefully identified what we'll use.

#13 – For all measures, we've set targets and minimums for performance

Our family satisfaction goal is 100% and our minimum threshold is 85%

© B & F Consulting, Inc. 2013  
www.BandFConsultingInc.com

---

---

---

---

---

---

---

---

**Feedback, Data Systems, and Monitoring  
Self-Assessment**

#14 – We have a system to collect, analyze, and display our data, and compare it to benchmarks and targets, to identify opportunities for improvement

Performance Improvement Projects are selected based on performance compared to benchmarks and best practices.

© B & F Consulting, Inc. 2013  
[www.BandFConsultingInc.com](http://www.BandFConsultingInc.com)

82

---

---

---

---

---

---

---

---

---

---

**Performance Improvement Projects**

- PIPs to examine and improve care and services in areas identified as needing attention
- Concentrated on a particular problem in one area or organization-wide
- It involves gathering information systematically to clarify issues or problems and intervening for improvements
- In areas important to services provided

© B & F Consulting, Inc. 2013  
[www.BandFConsultingInc.com](http://www.BandFConsultingInc.com)

83

---

---

---

---

---

---

---

---

---

---

**PIP Self-Assessment**

#17 – When we identify a performance improvement area as a priority, we charter a PIP, describing the scope and objectives so the team knows what it is asked to accomplish

#18 – For our PIPs we have a process to document what we've done, including highlights, progress, and lessons learned

PIP documentation template

© B & F Consulting, Inc. 2013  
[www.BandFConsultingInc.com](http://www.BandFConsultingInc.com)

84

---

---

---

---

---

---

---

---

---

---

**PIP Self-Assessment**

**#19 – For our PIPs we measure if changes to systems and processes have been effective. We use process and outcome measures to assess resident care and quality of life.**

We measure if the change occurred and if it had the desired impact on residents

© B & F Consulting, Inc. 2013  
www.BandFConsultingInc.com

85

---

---

---

---

---

---

---

---

---

---

**Systematic Analysis and Systematic Action Self-Assessment**

**#14 – We have a system to collect, analyze, and display our data, and compare it to benchmarks and targets, to identify opportunities for improvement**

Performance Improvement Projects are selected based on performance compared to benchmarks and best practices.

www.BandFConsultingInc.com &  
www.BandFConsultingInc.com/WhatYouDoMatters

86

---

---

---

---

---

---

---

---

---

---

**Systematic Analysis and Systematic Action**

- Systematic approach for when to use in-depth analysis to understand a problem, its causes, and needs for change
- A thorough, organized, structured approach to see if problems are caused by the current way of operating
- Proficiency in Root Cause Analysis
- Action is:
  - Systemic
  - Comprehensive
  - Preventive
  - Sustained
- Continual learning and continual improvement

© B & F Consulting, Inc. 2013  
www.BandFConsultingInc.com

87

---

---

---

---

---

---

---

---

---

---

**Systematic Analysis and Systematic Action Self-Assessment**

#15 – Employees are skilled at analyzing and interpreting data to assess our performance and support improvement initiatives  
*Regular training for staff on data collection and measurement*

#16 – We have a systematic way of picking priority areas to work on, with input from all disciplines of staff, residents, and families. Priority is given to areas of high risk and/or frequency, or that adversely affect safety or quality of life

© B & F Consulting, Inc. 2013  
[www.BandFConsultingInc.com](http://www.BandFConsultingInc.com)

---

---

---

---

---

---

---

---

**Systematic Analysis and Systematic Action Self-Assessment**

#20 – We use a structured process to identify underlying causes, such as Root Cause Analysis

#21 – Root cause analysis identifies system and process breakdowns, not problems with individual performance  
*If a problem occurs, we look at systemic causes so it can be prevented*

#22 – Correction consistently links to systemic issues, not individual correction. Corrections are sustainable.  
*If problem was caused by distraction to caregiver, work is on reducing distraction or changing staffing level*

© B & F Consulting, Inc. 2013  
[www.BandFConsultingInc.com](http://www.BandFConsultingInc.com)

---

---

---

---

---

---

---

---

**Systematic Analysis and Systematic Action Self-Assessment**

#23 – Use process and outcome measures to see if change is working  
*If an intervention is to improve fall prevention, measure whether intervention is being done and if it is preventing falls*

# 24 – When an intervention works, we measure whether the change is sustained  
*If a change is made to medication administration, there is a plan to review in 6 months and in a year whether the changes are still in practice and still have a positive effect.*

© B & F Consulting, Inc. 2013  
[www.BandFConsultingInc.com](http://www.BandFConsultingInc.com)

---

---

---

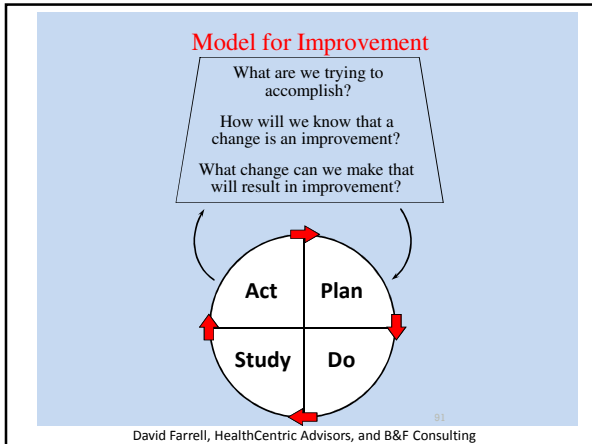

---

---

---

---

---

---

---

---

---

---

---

---

---

**Key Systems Concept:**  
Relational Coordination

*QAPI success depends on having systems to support high engagement and inclusion.*

© B & F Consulting, Inc. 2013  
[www.BandFConsultingInc.com](http://www.BandFConsultingInc.com)

---

---

---

---

---

---

---

---

**Relationships Determine Outcomes**

- Quality, the **result**, is a function of quality, the **process**
- Cannot continuously improve interdependent systems and **processes** until you progressively improve interdependent, interpersonal **relationships**

Covey, 1991

© B&F Consulting Inc. 2013  
[www.BandFConsultingInc.com](http://www.BandFConsultingInc.com)

---

---

---

---

---

---

---

---

**Theory of relational coordination:**

- Relationships with the resident are shaped by the relationships among all those who are caring for the resident
- It is the *community* of relationships that shapes the resident experience

Jody Hoffer Gittel  
Brandeis University

© B&F Consulting Inc. 2013  
[www.BandFConsultingInc.com](http://www.BandFConsultingInc.com)

---

---

---

---

---

---

---

---

**Dimensions of Relational Coordination**  
Interdisciplinary ~ Interdepartmental  
Across Shifts and Days

**Communication**

- Frequent
- Timely
- Accurate
- Problem-solving

↔

**Relationship**

- Shared Goals
- Shared Knowledge
- Mutual Respect

© B&F Consulting Inc. 2013  
[www.BandFConsultingInc.com](http://www.BandFConsultingInc.com)

---

---

---

---

---

---

---

---

**Relationships Closest to the Resident Matter Most**

Interdisciplinary and Interdepartmental Collaboration within and across units and shifts

Nurses

CNAs ↔ Residents

Housekeeping, Food Services, Activities, Social Work

Quality of work ↔ Quality of care

*Relationships*

Eaton, Bishop, Gittel © B&F Consulting Inc. 2013 [www.BandFConsultingInc.com](http://www.BandFConsultingInc.com)

**QAPI Huddle**  
With Staff Closest to the Resident

- Bring the white board
- Write down all the ideas
- Prompt people
- “No blame”
- Set rules
- Enhance problem solving competence
- Stay with it

David Farrell 2013

---

---

---

---

---

---

---

---

*The Process*  
is as Important as the Outcome

*Sometimes transformation requires no outside control – when people are given the space to open up, they often unravel their own problems and solutions become clear in the process.*

Stephen R. Covey

David Farrell 2013

---

---

---

---

---

---

---

---

**Creating Climate Where the Truth is Heard**

**Four key practices:**

- From data to knowledge to action
- Conduct autopsies without blame
- Engage in dialogue, not coercion
- Lead with questions

Collins, J. 2001

---

---

---

---

---

---

---

---

**Action Period:**

- 1. Finger on the pulse:**
  - a. identify areas ripe for mini-PIPs
  - b. Show you care, you're listening, and you're helping with job stress
- 2. People Development Worksheet**
  - a. Identify people ripe for people development
  - b. Make individual plans to develop them
- 3. Gather data on antipsychotic medication use**
  - a. Who's using how much, how often?
  - b. Why?
  - c. What's the impact?
